A full list is provided in my previous application in 2010.

If you are already a member of the executive committee, please outline your contribution to the Federation during your term of office:

I have worked successfully in securing an invitation to sit as a medical representative from EFS on the Regional Advisory Panel of WHO EURO (2009-).

Advances in Eastern Europe: I have visited Eastern European sexologists to identify & recruit new members and societies including Budapest, Bucharest, Moscow, Kiev, Tirana, Kosovo and most recently Sofia widening the remit and reach of EFS into countries that are poorly represented and unable to afford the membership fees of EFS.

I have worked with our current officer team and EC to make the work within EFS more transparent and financially robust. I will continue to work to the future with the existing officer team if appointed and I am in a position to accept the role of president-elect in order to assume responsibilities from the current EFS president upon completion of my duties as president of WAS.

Please state (in terms of time, attendance to meetings, working in specific projects) the commitment you are willing to make to work as a member of the executive committee if you are elected:

I hope that I have demonstrated in the paragraphs above the amount of time I have dedicated to EFS over the last 12 years which I can continue to offer to the Federation if re-elected.
